Dear Ms Parker

**Re: Tree Surgery & Tree Propping at Arundel and Elgin Communal Gardens.**

Further to our meeting please find below our quotation for the works discussed.

<u>Item/Species.</u>	<u>Works Requested.</u>	<u>_____</u>
<b>Southern Boundary Area;</b>		
39. Lime.	Existing fungal infection appears more 'aggressive' with new & larger fruit bodies: a) Fell to ground level. b) Grind down stump to approx. 200 mm, remove excess grindings.	
<b>Western Boundary Area.</b>		
28. Cockspur Thorn.	a) Supply a 3.5 m tall 'A' frame prop fabricated from 150 mm thick oak beams with 'cross lap' main joint & 'mortise & tenon' cross 'tie-bar' with 45 cm 'cup' . Pad out 'cup' area with 20-25 mm thick heavy-duty rubber strapping & fix into position.  a) Position prop at an approx. angle of 15 degrees, drop feet approx. 0.5 m below ground level onto paving stones. Fix 'Postsava' bitumen sleeves & concrete into position.	

Costs include removal & ecological disposal of all arisings, unless otherwise stated, and any other sundry items.

All works are to be carried out to industry standards (British Standard for Tree Work; BS: 3998: 2010) & relevant Health and Safety regulations and safe codes of practices.

If you require any further assistance or require us to carry out the above works please contact me at the address below.

Yours sincerely

Darryl Parkin
